

Application No. 10/758,237

REMARKS

In response to the Restriction Requirement dated April 17, 2006, Group I, claims 1-43, 85-95, and 98-102 are elected. The following species elections are made: an insulator element from a DHS5 site of a chicken β -globulin locus (claim 13) and hepatocytes (claim 37). The following elected claims read on the elected species: claims 1-4, 19-35, 37, 41-43, 85-95, and 98-102. The indication of which claims are expected to read on the elected species is provided to facilitate administration of the examination process but is not an admission with respect to the substance of the claims or the scope of the claims. Examination of the non-elected Groups is requested upon allowance of suitable linking claims, pursuant to the rules of rejoinder as in, e.g., MPEP §821.04.

The Examiner is invited to telephone the undersigned if the Examiner believes it would be useful to advance prosecution.

Respectfully submitted,

Curtis B. Herbert, Ph.D.
